
REACH COMPLIANCE STATEMENT

Active Research Ltd, trading as Actisense are categorised as a 'downstream user' (DU) under REACH as it does not import, mix, or produce chemicals. Responsibility for the registration of chemicals/substances lies further back along our supply chain.

Active Research/Actisense do not independently conduct analytical testing for REACH and the information contained in this statement is based upon data from our supply chain sources which is believed to be reliable and accurate.

It is our supplier's responsibility to make us aware of any 'Substances of Very High Concern' (SVHC) contained in the materials they supply to us. To date, none have done so. On the basis of information supplied to us, we can therefore state that no SVHCs have passed through our processes. The most recent list of SVHC is available on the ECHA's website: <https://echa.europa.eu/candidate-list-table>

Our inventory is maintained by our MRP system. Each item has details of quantities ordered, held in stock, issued, and whether we have a Materials Safety Data Sheet (MSDS) on file.
